

# Monthly Chapter Meeting

Chapter History 1982 - 1983  
Our 61<sup>st</sup> Year

President W.H. Chadwick started the year off with the meeting at the Park Plaza Hotel in Toronto. The guest speaker for the night was Mr. Eric Matson from Carrier Air Conditioning Company, Syracuse, N.Y., his topic was "The Computerized Consulting Engineer", the effect of computers on the day to day activities of HVAC consultants and the advantages and improvements which can be expected in software.

It was announced at this meeting that Past President Norm Johnson was appointed by ASHRAE President, Clinton W. Phillips, to the Government Affairs Committee in Ottawa.

The November meeting at the Park Plaza Hotel had guest speakers Mr. George Moore Chief Engineer from Maple Leaf Gardens, introduce the members to "Jet Ice" the fastest and hardest rink ice in the world. Mr. John Agar from Scarborough Parks & Recreation Department, presented data on cost performances on two Scarborough rinks.

December meeting was "Ladies Night" as well as "Past Presidents and Life Members Night", the guest speaker was Her Worship Mayor Hazel McCallion, who presented her views on women in industry and politics. She reviewed her career in industry and politics and encouraged all women to accept their roles in both.

A special presentation was made at this meeting regarding the Name Badges. During 1981 the name was changed from the original Ontario Chapter to the Toronto Chapter to better reflect the membership and in 1982 the chapter celebrated its Diamond Anniversary.

To commemorate both events the member's identification badges for the 1982/83 monthly dinner meetings were redesigned from the previous simple name strip and disk to ASHRAE members and Associates. The members name was prominently displayed across the centre of the hexagon.

January found Mr. Stuart Angus from Hooper and Angus Associates, presenting a talk on the use of aquifer storage. His review of a project at Environment Canada's office in Downsview, included geotechnical survey, and impact assessment for aquifer storage.

February at the park Plaza Hotel had Mr. Peter Willings from H.H. Angus & Associates, speaking about ground source heat pumps and reviewed a LEBDA project which used storage along with heat pumps.

March was "Papers Night", there were several speakers. Bob Bach, who discussed "High Efficiency Gas Furnaces" and Joe MacMartin who talked about "Super Insulated and Air Tight Structures". On March 8<sup>th</sup> a "Ladies Night at the Races" was held at Greenwood Raceway, the turnout was great and all had fun.

In April there was a Technical Seminar in the afternoon with the following speakers, Jim Ovens, Bruce Small, Barry Wilhelm, Dr. Bhuvan Pant, Bruce Stewart, Dr. Nasrat Hijazi, Dr. Zain S. Shah. The turn out was a full capacity, and all were well informed.

The May meeting at the Park Plaza Hotel had a of speaker, Mr. Ronald Jensen, P.Eng., Chairman of ASHRAE's Technical Committee who discussed how the work of ASHRAE members benefit the public, ASHRAE Research, Standards and Publishing Activities.

June found most of the members on the Cederbrae Golf & Country Club fairways, chasing that white ball around again. The weather cooperated and everyone had lots of fun.
