

# Monthly Chapter Meeting

## Chapter History 1998 - 1999 Our 77th Year

Michael Loughry's address to the members indicated his team was looking forward to delivering a year of informative, stimulating and interesting building tours, meetings and technical events.

The first meeting was at the Novotel Hotel, with an evening topic of "Y2K- The Millenium Bug" given by Dr. Harry Zarek President of Compugen Systems Ltd.

Membership Promotion night in November was held at the Novotel Hotel, in North York, the dinner speaker Mr. Rick Tomson Vice President, Sales & Marketing, Rose Technologies Group Limited, discussed "Implications of the Koyoto Agreement on Consultants".

On November 26, 1998 a group of 34 members and prospective members had their first meeting as the "Northern Ontario Section" held at the 4 Points Hotel in Sudbury Ontario. Tom Krajci was the founding president for the Northern Ontario , other founding members were Doug Way, Jeff Mumford, Pierre Gagnon and John Hamalainen. In December Ms. Marianne Heisz, Biosafety Specialist with Health Protection Branch, Health Canada, advised on infection control as related to the HVAC system.

What better way to start the New Year off than by visiting the new home of the Toronto Maple Leafs and Toronto Raptors, at the Air Canada Centre. Don Cruickshank of the Mitchell Partnership discussed the finer points of the project. Dinner followed at the Royal York Hotel.

In February a tour of York University Central Plant and Cogeneration Facility was well attended, and the dinner speakers Duncan Varey and Paul Dority from H. H. Angus discussed the various aspects of central plant design and refinements that come with changing technology.

March was Refrigeration Day at the Novotel Hotel, in North York. The pre-dinner tutorial was held by Michael Rosenblitt on refrigerants for commercial and industrial markets. The dinner speaker Mr. Robert Tupack , CEO of Inet Airport Systems will discuss HVAC systems for airplanes and the ground support systems.

"Electrical Deregulation" was the topic discussed by Mr. Jake Brooks, Executive Director of Independent Power Producers Society of Ontario (IPPSO), at the April meeting at the Novotel Hotel.

May means the nominating committee has done their work and a new board is ready to be installed, and this year is no different. The incoming president Mark Butler is presented the gavel and his board is ready for a new year.

While Mike Loughry is not finished quite yet .

The dinner speaker Mr. Tom Paige, a Senior Engineer with Vibron Limited , talked on trouble – shooting vibration –induced noise problems from HVAC equipment.

The June meeting was the Annual Golf Tournament held at the Glen Cedars Golf Club, on June 3, 1999.
